

ALPINE

NEVER THE SAME

PREMIUM INFOTAINMENT & SOUND SYSTEMS
Exclusively Designed for Hilux 2015-2025

EXCLUSIVE ALPINE DESIGN FOR HILUX

A bold new expression of Alpine design, created exclusively to transform your Hilux interior. Alpine's premium fascia panel re-imagines your dashboard with refined materials and striking finishes, delivering a sophisticated, high-end look that elevates your cabin aesthetic to the next level.

PRECISION ENGINEERED FASCIA DESIGN

Crafted exclusively for Hilux, Alpine's premium fascia kit elevates both form and function. The fascia is engineered for precise fitment and is manufactured using OEM grade automotive materials. The black chrome accents and pearlescent piano black finish provides a refined, yet bold aesthetic.

Beyond visual appeal, the head unit is precisely positioned at an optimised viewing height, improving ease of use and driver focus. Its perfect placement enhances the cabin's overall feel, integrating seamlessly within the space for a truly next-level OEM-style upgrade.

HILUX20G2M-F511A

iLX-F511A with Fascia Kit / Harness / Maestro iDataLink Ready

Features: 11-Inch WXGA Display (1280 x 720p) • 4 x 50 Watts Class-D High Power Amplifier • AM/FM RDS TUNER / DAB+ Digital Radio • Wireless Apple CarPlay and Wireless Android Auto • Built-in GPS/GLONASS Circuit • iDataLink Maestro Ready • Wi-Fi • Hi-Res Audio Certified • Music Playback FLAC, MP3, WMA, AAC, WAV, APE • Video Playback MP4, MOV, FLV, MKV • Bluetooth Phone and Music Streaming • 1 x A/V AUX Input • 1 x HDMI Input • 1 x HDMI Output • 2 x USB Ports • Front and Rear Camera Input • Wireless Remote Control Ready • 10-Equaliser Presets and 13-Channel Parametric EQ • 6-Channel Digital Time Correction

ADVANCED INTERFACE & ACCESSORY CONTROL

Maestro iDataLink unlocks seamless vehicle integration by retaining the advanced functions of the OEM system, including parking sensors and control of the rear-view camera with 360 degree view and dynamic guidelines, plus gauges and vehicle data. Furthermore, the KAC-001 allows control of up to eight 12-Volt accessories from the touch display without the need for physical switches, such as driving lights, light-bars, electric tonneau cover and a winch.

Performance Gauges & Vehicle Information

Alpine's digital gauges can be viewed when using the Maestro iDataLink RR module. Gauges include; speedometer, 0–100 km/h, braking, throttle load, RPM, external air temperature and intake temperature. Plus, you can set which gauges are displayed over two pages.

Maestro iDataLink Module

Advanced integration includes; 360 degree view camera control and park sensors, JBL sound system retention, steering wheel controls and more.

Control your Lighting, Winch & Motorised Tonneau Cover*

Conveniently control all of your 12-Volt accessories directly from your Alpine head unit display. The KAC-001 accessory module functions as a digital switch, keeping your dashboard clean and uncluttered, while providing direct control of accessories. *Specialist installation required.

KAC-001 Control Module

The KAC-001 supports up to eight accessories including winches, light-bars, spotlights, tonneau cover, or almost any other 12-Volt accessory you need.

INTEGRATION PERFECTED FOR HILUX

Maestro iDataLink features for Hilux include: Direct Connection Harness • Retention of the OEM 360° camera control, dynamic guide lines, parking sensors and JBL audio system • Steering Wheel Controls • Customisable Digital Gauges Display providing intake temperature, external air temperature, throttle load, 0–100km/h time, RPM, speedometer and braking • Battery Voltage • USB audio and handsfree metadata displayed via the instrument cluster MFD.

HILUX PREMIUM DESIGN SOUND

Alpine’s premium design sound systems takes your Hilux’s interior cabin space to the next level. With exquisite detail, the beautifully crafted tweeters enhance the interior aesthetics, all-while optimising sound quality, staging and imaging. Beneath the surface, the acoustically engineered direct-fit woofer housings ensure rigidity for driver coupling and minimising standing waves to deliver powerful, extended bass and revealing every detail in your music.

HL15-BRV8 (AN120) / HL20-BRV8 (AN130)

BassRev 8” Component / 6.5” Coaxial Speakers

The BassRev system for Hilux uniquely adopts an 8-inch woofer to deliver door-shaking bass performance. Plus, with advanced speaker technology and high-end silver foil crossovers, sound quality is superb. And for the ultimate sound system add an OPTIM™8 DSP Amplifier.

- 50W RMS / 150W Peak Output
- Freq. Response: 35Hz-20kHz
- Extra-Large 35mm Voice Coils
- Audiophile ‘Silver-foil’ Crossovers
- Exclusive H.E.D.G.E Surround
- Extreme 28mm Cone X-Max

ULTIMATE SOUND SOLUTIONS FOR HILUX

Engineered specifically for Hilux, Alpine’s premium design speaker systems deliver powerful, high-fidelity sound with effortless plug-and-play installation. Designed for seamless integration, each system enhances clarity and depth while retaining complete factory compatibility, making it easier than ever to upgrade your Hilux audio experience.

HL15-R265 (AN120) / HL20-R265 (AN130)

R-Series Hi-Res Audio 6.5” Component Speakers / 6.5” Coaxial Speakers

Experience unrivaled performance with R-Series for Hilux. R-Series meet Hi-Res Audio specifications for exceptional sound clarity and accurate detail with punchy bass.

- 100W RMS / 300W Peak Output
- 1” Magnesium Alloy Dome Tweeter
- Freq. Response: 65Hz-40kHz
- High Quality Crossover Network
- Alpine Exclusive H.A.M.R Surround
- Glass Fibre Reinforced Woofer Cone

HL15-S265 (AN120) / HL20-S265 (AN130)

S-Series Hi-Res Audio 6.5” Component Speakers / 6.5” Coaxial Speakers

Upgrade your Hilux with Alpine’s S-Series Hi-Res certified speaker system, delivering impressive clarity and rich sound, offering exceptional value and performance.

- 80W RMS / 240W Peak Output
- Freq. Response: 55Hz-40kHz
- In-Line High Quality Crossover
- Alpine Exclusive H.A.M.R Surround

PWE-R810

8” Compact Powered 400W Subwoofer

Add compact bass to your system with an 8” powered high-performance subwoofer encased in a premium finish and rugged aluminium body for extreme durability.

- 220W RMS / 400W Peak Output
- Adj. LP-Filter / Bass Boost / Phase Ctrl.
- Built-in Class-D Amplifier

PXE-C80-88 OPTIM™8

OPTIM™8 8-Channel DSP Amplifier

Alpine’s OPTIM™8 is an 800Watt RMS 8-Ch DSP powerhouse, equipped with Eilex PRISM’s technology that analyses the interior cabin acoustics and auto-tunes to perfection via the Alpine OPTIM™ smartphone App.
